Introduction

The Quinault Nation holds the Treaty hunting right to hunt on all ceded lands and Traditional use areas, with the exception of those lands with a dwelling, fenced, or containing livestock or within city limits.

This regulation is adopted pursuant to authority reserved to the Quinault Business Committee under Title 51, Section 51.03.030(g), and provides Quinault hunters with specific information important to the 2025-2026 hunting season.

The general Off-Reservation Hunting regulations, included herein, provide Quinault hunters with specific information regarding open hunting areas, hunter's responsibilities, bag limits and season lengths for the 2025-2026 hunting season.

Nothing in these regulations shall limit or diminish the treaty rights reserved by the Quinault Indian Nation.

In addition to these annual regulations, the Quinault's Title 51 (Fishing/Hunting/Gathering) contains requirements pertaining to: eligible hunters, permits, firearms restrictions, enforcement, violations and criminal offenses.

NOTE:

The State of Washington requires a Discover Pass for parking at or use of state parks and properties. **Tribal members lawfully exercising their treaty rights ARE NOT subject to state law and are only required to carry their tribal identification card.** Until such time as the Quinault Nation works out an acceptable system for Quinault tribal members to access state lands without harassment, please report any violation notices or tickets issued for failure to have a Discover Pass to the Quinault Office of the Attorney General at 360.276.8215 ext. 1400 and QDNR Resource Enforcement.
